AFFIDAVIT OF TRUTH

Chantal Fidanza

Golden Valley, Arizona [86413]

I, Chantal Fidanza, being a living woman of sound mind, over the age of 21, and competent to testify, hereby state the following is true and correct to the best of my knowledge, information, and belief:

1. I have conducted independent research regarding the Chain of Title for my own property at 3936 N. Bonita Road, Golden Valley, Arizona [86413].
2. In the course of my research, I performed an extensive review of public records and historical documentation available at the Mohave County Recorder's Office.
3. Specifically, I found evidence describing how the land passed from the Atlantic and Pacific Railroad Company (the A&P) to the New Mexico and Arizona Land Company:
4. The A&P was purchased in bankruptcy by venture capitalists who then reorganized it into the "Frisco" which in 1908 incorporated the New Mexico and Arizona Land Company.
5. Since this was a series of reiterations or reorganizations of the same original entity (the A&P), I was unable to locate a specific "deed" that the land "transferred" from the A& P Railroad to the New Mexico and Arizona Land Company.
6. However, I did find an article explaining in detail how the land passed from the Atlantic and Pacific Railroad to the New Mexico and Arizona Land Company, published by NZ Legacy, LLC, copyright 2011.
7. The article states: *"New Mexico and Arizona Land Company traced its beginning to the period of 19th Century transcontinental railroad building. In 1866, Congress chartered the Atlantic and Pacific Railroad Company (the "A&P") to construct the first southern railroad route across the United States. It was to run from Springfield, Missouri to the Pacific Coast. The federal charter provided for the land grants to be carved out of the public domain lands for the successful railroad builder. After a number of false starts, the A&P came to be purchased in bankruptcy proceedings by venture capitalists under the new-start name of the St. Louis-San Francisco Railway Company, commonly called the "Frisco. Subsequently, a joint venture between the Frisco and the Atchison Topeka And Santa Fe Railway company (1880) used the old A&P charter to build a railroad line from Isleta, New Mexico to Needles, California. Thus, the joint venture earned million of acres of federal grant lands in New Mexico and Arizona. A latter division of assets between the two railroads left the Frisco with over 1.2 million acres of fee land (surface and mineral rights). In 1908, the Frisco incorporated New Mexico and Arizona*

Land Company in what was then the Territory of Arizona to hold its grant lands until they could be sold. In 1916, the Frisco spun off just under half of its stock in New Mexico and Arizona Land Company and took the Company public on the old Curb Exchange, predecessor to the American Stock Exchange, where it was granted trading privileges under the ticker symbol and corporate acronym of 'NZ.'"

8. The article from which the above excerpt was taken can be found at: nzlegacy.com
9. I also have an email from Tomas Aleman from the Mohave county Recorder's Office dated June 28, 2024, stating that he found this information from the original patent: "...on June 2nd, 1897, the Atlantic & Pacific RR conveyed land to Aldace Walker, R. Somers Hayes, and Victor Morowetz after the completion of railroad and telegraph work. Subsequently, these individuals conveyed the land (minus approximately 37 thousand acres which were sold earlier) to the Santa Fe Pacific Railroad Company on the same day. Under the old A&P charter, a joint venture between the Frisco and the Atchison Topeka and Santa Fe Railway Company, known as the "Frisco", obtained millions of acres of federal grant lands in New Mexico and Arizona."
10. Tomas's email continues: "In 1908, they formed the New Mexico & Arizona Land Company to hold the granted lands until they could be sold. In May 1948, 4323 acres of this land were sold to E. A. MacCornack and Harriet H. MacCornack," the transfer for which I do have a certified copy.

Respectfully submitted,
